Promocube®

MOBILE EVENT SOLUTIONS

Promocube®

The unique all-rounder

Roof teaser for highest longdistance impact

Customizable

Optionally with roof terrace

LONGTAIL 36 m²

No matter if promotion, roadshow, event-module, mobile tv-studio, exhibition, fanshop, bar or busstop – there is (nearly) nothing the Promocube® cannot provide.

HIGHFIVE 30 m²

Design and furnishing are individually personalized to fit your needs. All from a single source!

Promocube®

Extremly variable

Diverse models with variable base areas are available. Enlargement of presentation areas by combination of modules possible.

Promocube®

Simply ingenious

Thanks to integrated hydraulics and trailer with slewing ring the Promocube® can be positioned quickly and easily.

Additional machines such as cranes or fork-lifts are not required. Build-up of the basic module can be managed by a 2-headed promotion-team within a short time.

Promocube®

365 days on tour

Maximum branding area

Full glazing possible

Lockable

URBANLEGEND 20 m²

Promocube® is suitable for unlimited all-year-round use: airy and open in summer...

URBANLEGEND 20 m²

... heatable and with a spacious glass front in winter. So you can reach your audience, where and whenever it suits you.

Promocube®

Your brand on wheels

For transportation you need a towing vehicle providing 3.5 t towing capacity and 150 kg permitted drawbar load. The transport trailer comes with a height-adjustable draw gear (ball head coupling / hitch ring). Therefore transportation is possible using a truck or a transporter (e. g. “Sprinter”).
